

OPERATING INSTRUCTIONS

EM18STT Coffee table Sutra

In order to ensure its proper functioning:
Ensure the flatness of the two parts of the table
by adjusting the **adjustable pads** under each leg.
Do not lift the moving part when closing or opening the table.
Always carry the table when closed.

TEAK INFORMATION

The slats of Sutra are made with teak, a naturally rot-proof wood.

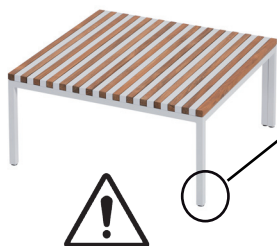

The wood is a living material, the aspect and colour change over time and can vary from one production to another.
We recommend to nourish your teak regularly with specific oils (Starbrite's products) in order to slow down the greying process.

Please see our website for further details and read our maintenance tips: www.egoparis.com
